Lasertag, the trendy and recreational sport

Lasertag is a team game in which several groups compete against each other and try to score as many points as possible. All players are equipped with colorful glowing vests and have 15 minutes to mark the vests of the opponents with the help of infrared signals and collect points.

The team with the most points wins!

I hereby give permission for the player named below to play in the FunSports Area Troisdorf. Before the start of the game, the players will receive a briefing, to which all must adhere. The players are fully liable for any personal injury or damage to property caused by careless actions or disregard of the safety instructions of our trained staff. Of course, the game can be cancelled at any time.

Should the player* not comply with the instructions of the staff or the rules in the arena, I acknowledge that this may lead to immediate exclusion, without any claim for reimbursement of the paid game.
